

1st Szeged Workshop on Educational Evaluation

April 27-28, 2009

Program Chairs:
Benő Csapó and Detlev Leutner

The workshop will be organized by researchers of the University of Szeged after the national conference on educational evaluation.

The aims of the workshop are to

- bring together researchers from Europe working on similar problems,
- offer an opportunity to discuss key issues,
- strengthen cooperation between individuals and institutions.

The main themes of the workshop are

- formative and diagnostic assessment of competencies,
- technology-based assessment.

Forms of work include

- presentations reviewing large-scale projects in progress,
- short presentations on small-scale projects,
- question and answer sessions,
- small-group consultations.

Organizers and host institutions will be

- Institute of Education
- Center for Research on Learning and Instruction
- Graduate School of Educational Sciences

Financing the workshop

There is no registration fee. The University of Szeged provides the venue and the organizational work. Participants take care of their travel and accommodation expenses.

Expected number of participants:

20-30 participants ranging from graduate students to senior researchers.

Interested researchers should contact one of the program chairs:

Benő Csapó (University of Szeged): csapo@edpsy.u-szeged.hu

Detlev Leutner (University of Duisburg-Essen): detlev.leutner@uni-duisburg-essen.de
